On my final return to Germany, M/s. Globe Moving & Storage Co. Pvt. Ltd., have handled the packing and forwarding of my household baggage to Germany by sea-freight as well as my unaccompanied air baggage. Earlier, they have also handled the transfer of my household baggage in Bangalore to a new residence.

I am extremely satisfied with the work carried out by Globe Moving. They are punctual and very professional. They use first class material for packing and do a neat and fast job.

I have no hesitation in recommending Globe Moving to any one for handling packing and forwarding business. I wish Globe Moving all success in the years ahead.
