C E R T I F I C A T E

To whomsoever it may concern

On my final return to Germany, M/s. Globe Packers, Bangalore, have handled the packing and forwarding of my household baggage to Germany by sea-freight as well as by unaccompanied air baggage. In April last year, they also handled the transfer of my household baggage in Bangalore to a new residence.

I am extremely satisfied with the work carried out by Globe Packers. The people behind Globe Packers, especially Mr. S. Ramachandran and his people, are very punctual, efficient and full of drive. They use first-class material for packing and do a neat and fast job. What has very much impressed me is their engaging handicapped (deaf and dumb) people for the job. This is all the more a praiseworthy service Globe Packers are rendering to the handicapped persons.

I have no hesitation in recommending Globe Packers to any one for handling packing and forwarding business. I wish Globe Packers all success and prosperous business in the years ahead.

(H. Bertling)
